

About MN ISSA Chapter

Networking

At **MN ISSA** our bi-monthly Chapter Meetings, quarterly AfterHours Events, Security Career Insights Lunch and Learns, and other activities provide local subject matter experts and national speakers, sponsor interaction, and networking opportunities. All events are

open to ISSA members and non-members alike to provide educational opportunities for practitioners of all types. We simply ask that our guests, after they've personally experienced the value of our organization at two meetings or events, consider joining ISSA as full-fledged members—they gain not only membership in our local community, but all the benefits provided by ISSA International. Many organizations, recognizing the value, willingly sponsor their employees for continuing professional development. Please see our website mnissa.org or the Membership Flier for more information.
